Kutel Gold Project: The Company has now completed three (3) diamond drill holes on the property as part of its maiden exploration drilling programme. All drill core samples have now been delivered to SGS Burgas and results are expected to be received, validated and announced towards the end of September 2023.

About BULGOLD Inc.

BULGOLD is a gold exploration company focused on the exploration and development of mineral exploration projects in Central and Eastern Europe. The Company controls 100% of two quality quartz-adularia epithermal gold projects located in the Bulgarian portion of the Western Tethyan Belt: the Kutel Gold Project and the Kostilkovo Gold Project. Management of the Company believes that its assets show potential for high-grade, good-metallurgy, low-sulfidation epithermal gold mineralisation. The Company also holds an option to acquire a 100% interest in the Lutilla exploration licence located in central Slovakia which is prospective for low-sulfidation epithermal gold mineralisation.

On August 24, 2023, BULGOLD had approximately \$2.5 million in its treasury and BULGOLD’s issued and outstanding shares were 27,597,928 of which approximately 39.54% were held by Founders, Directors and Management. Additional information about the Company is available on BULGOLD’s website (www.BULGOLD.com) and on SEDAR (www.sedar.com).
